

Financial Governance

In accordance with statutory requirements and principles of transparency and accountability, the Governing Body of the School publishes details of employees whose salary exceeds £100,000 per annum. This statement forms part of the School's commitment to openness in the use of public funds and reflects the responsibilities associated with senior leadership and specialist roles within the organisation. The information provided relates to staff employed by the School whose remuneration meets or exceeds this threshold during the reporting period, and is presented in line with current regulatory guidance for maintained schools.
